

## Pete Susemihl

Through his vision, tenacity and by simply “keeping the faith”, Pete Susemihl, Chairman of the Board of the Colorado Springs World Arena, did what many in this community were sure could never be done – build a \$57 million dollar multi-use community events facility paid for through the largest and most successful fundraising effort in the City’s history.

Beginning in early 1992, six years of hard work by hundreds of committed individuals, matched by contributions from thousands of donors, led to the opening of the World Arena in January 1998. In appreciation for his tireless commitment and leadership, the Board of Directors of the Colorado Springs World Arena dedicates this meeting space to Pete Susemihl, a true community leader.
